NEW YORK, July, 1886.

Herewith I submit my Second Catalogue, offering a large collection of New and Original Designs of Natural Wood Ornaments, especially recommended to

BUILDERS,
ARCHITECTS,
CONTRACTORS,
INTERIOR DECORATORS,
FURNITURE MAKERS,
CAR & STEAMBOAT BUILDERS,
PICTURE FRAME MAKERS, etc.

The attention of the Building Trade is directed to the adaptation of these goods for ornamenting Doors, Mantels, Cabinet Trim, Newels and Stair-work, etc.

Plain Turned Corner Blocks are offered at very reasonable rates. They can be made to order, and furnished in large quantities at short notice.

A good coating of these ornaments is effected by dissolving one part in weight of paraffin, shaved fine, in 20 parts of strong naphtha. After drying they should have a coat of shellac, on which you may apply copal. A polish will result by brushing. The coloring or shading may be effected by substituting aniline dyes, dissolved with the shellac in alcohol.

For a Lemon Yellow, use picric acid,

" Gold	"	"	narceine, or gold colored aniline,
" Orange	- -	"	orange, - - - " "
" Bright Red	-	"	eosine, - - - " "
" Brown	- -	"	Bismarck brown, " "

and by mixing the same you may obtain a great variety of shades.

Purchasers of small quantities will oblige me by sending payment with order. The discount will depend upon the quantity purchased, and will be allowed very liberally to those desiring to use or handle these goods.

Terms, 10 Days.

Special Designs will be made to Order.

With thanks for past favors, I remain,

Yours respectfully,

A. KOMP.
